

European and French-German Summer School 2017

Radiochemistry and Nuclear Instrumentation

(Low Level Radioactivity)

In order to help us to evaluate the merits of the candidates and to compare the letters of recommendations we receive, we would like to ask you to complete this template of a letter of recommendation. Please return it directly to the address given below **and** send us a copy by electronic mail or FAX. The report should arrive before the application deadline, the **18th of May 2017**.

If you happen to write letters of recommendation for several students, please provide a comparative ranking of the students on an extra page/electronic mail! Thank you in advance for your efforts.

Confidential letter of recommendation for:
